Questions put in this Petn memo dt. 27-6-95	The Deputy Commissioners replies —
Statt No 1 Cont. Ch 67 Where the lands going to revert, if its has not already been given up? They pray 50 lacs the assessment for mere temporary occupation.	The Railway Authorities have since said that the lands may be resumed and let out for cultivation, such the ryots refuse to take them back as they were not temporarily alienated by them, & as also they have been disfigured by the Railway Authorities by excavating pits, drains &c so as to render them less fit for cultivation. Endeavors will therefore be made to sell the lands early by public auction, & credit the sale proceeds to Government as was done in the case of similar lands situated in the Seven Pagodas and Mandya Taluks.
Statement No III Shewing the Drain lands taken up & the amount of Compensation to be paid for them in the Ramnad Taluk.	Why the same rate for both lands permanently & temporarily taken up? Why are the latter to be likely given up?
Nos 174 & 196. Lands taken up temporarily. Why the same rate for both lands permanently & temporarily taken up. Where are the latter likely to be given up?	The owners of these lands have flatly refused to take them back on the grounds that the lands have been disfigured by the Ry authorities by means of digging pits drains &c rendering them unfit for cultivation. & thus requiring a large amount for filling the pits &c. This fact is reported to be true. Hence a rate of Rs 50 per acre of land was fixed & entered for both lands taken permanently as well as temporarily. Arrangements will however be made by public auction & to credit the amounts thus realized to Government.

4. The Amildar of the Mysore Taluk represented to my predecessor that the owners would not consent to give up their lands for temporary occupation on the ground that they would become unfit for cultivation if earth was removed therefrom. So they have been occupied permanently. Full amount of compensation has been claimed in such cases.

5. Rupees 25 have been fixed as compensation per acre, in the Inam village of Byatthahalli, as the ryot refused to accept the original price fixed - viz Rs 15 per acre, as Mr. Micklejohn has ordered higher rates to be given in the event of the parties not accepting the terms offered.

6. Early orders are solicited on this

subject

Inam lands	8242-6-5
	1937-6-10
	9,179-13-3

4. A Sum of Rs 1,272 is entered in Statement No I as due to "Municipality" and "Riding School" for 2 pieces of land. The officiating Deputy Commissioners will explain who is meant by "Riding School" and whether these lands were acquired from private owners, at what price, and from what funds that price was paid. Does the Mysore Municipality claim this compensation for waste land within Municipal limits taken up for a work like the Railway extension?

5. In several cases, the rates are not given, and in several cases

again, where they are given the amount of compensation proposed is not the arithmetical result of given area ~~land~~ X given rate. In all these cases the omis-sions should be sup-plied and the need-ful corrections made.

6. In the last case, in Statement N. I, (Mysore Taluq lands) — a remark is made that the sale proceeds of certain trees were paid to the D. P. W. Subordinate. This requires explanation. Value ~~being paid~~ by Government, the receipts from all items so paid for, should evidently be credited to Government.

2

7. In Statement No. II, which professes to be a list of unoccupied Government waste lands, it is not clear why proportionate assessment is proposed to be remitted. The only operation required in respect of the proportionate assessment seems to be a corresponding correction of the Akarbands.

8. Statement No. III purports to be a list of occupied lands in alienated villages taken up for the Railway. In some cases "rates" are entered, and in some, they are omitted. The omissions should be supplied and

if land in exchange
in addition to the
proposed money com-
-pensation is due, the
fact should be stated
in the column for
Remarks.

9. Is the heading of
Statement No IV correct,
meaning as it does,
that the Statement is
a complete list of all
those lands for which
land in exchange
is due? - If lands are
to be given in exchange,
why should there be
any remission of pro
-portionate assessment
as shown in Column 8?
Why should there be
such a remission
on unoccupied and
uncultivable alienated

land", while none is proposed for occupied cultivated land entered in Statement No. III? Why again should land in exchange be given for ~~which it~~ is already road, Nala &c?

10. The rates of compensation proposed for lands taken up in the Nanjangode Taluq (Statement - No. V) cannot be appreciated, because the "Class" of the several lands is not given. This serious omission should be carefully supplied. Are the numbers of the lands "Survey numbers" or "Haji numbers"? Are the areas (given

as they are in acres)

"Survey areas" or the "Maji areas" converted by calculation into acres and guntas? Or, have they been ascertained by actual measurement for the purpose of these compensation Statements, and if so, by whom, and how have the measurements been checked?

11. In Statement No. VI (marked as No 3 inside) the class and the rates of compensation should be entered. In am lands as they all are, is the compensation so fixed that no land in exchange is due?

12. The Seven Statements are herewith

3/

returned for needful reference and retransmission with fresh and correct. and more carefully prepared statements.

Sir

1 With reference to Government Proceedings no 5473-4/195 dated 4th August 1891 making certain observations on the Statements of Compensation for lands taken up for Nanjangode Railway Extension, I have the honor to submit herewith revised Statements × as per margin and to state as follows in reply to the queries contained in the above Proceedings.

Nos. 1, 3, 4, 5 and 6

(X)
Statement 1 = 2 542-13-4.
" 3 = 38-7-0
" 4 = 937-9-6
" 6 = 4095-6-4
Total - 7,614-4-2

2 The aggregate of money payments for which the Sanction of Government is now Solicited is Rupees ~~7 5 4 8-13-2~~ 7614-4-2 (X) Calculated as per revised Statements. This does not include the Compensation which may be decided upon to appear to the Inamdar of Kadakola in the Mysore Taluk in addition to the

amount payable to the occupants of the lands taken up.

3 The sum of Rupees 1271-15-6 due for the lands attached to the Mapone Municipality, and the Riding School, is now omitted in the revised Statement as the amount is not required for actual payment. The Riding School referred to, is the maidan near the Railway Station, where the Silledars are exercised. The omission pointed out have been duly supplied. Statement no I Vide Cases Nos 142 of the State = mem —

4 The amildar States that no money was paid to Railway Public work Department on account of value of trees; But that 9 trees standing on the land near the Railway Station at Kadakola were made over to that department as per requisition to the former amildar by the Railway Executive Engineer, Copy of which is herewith submitted for perusal - The remark on this point has been accordingly modified in the revised Statement. No 2 || not-received

5 The list of unoccupied Government waste lands in the Mapone Taluk, will be sent to Survey department for Correction of the Akarbands as instructed No 3. noted.

in para 4 of the Government Proceedings.

6 The omission pointed out in Statement no III, has been supplied. No land is due in Exchange of the lands mentioned in this Statement and so no remark to that effect is entered in it.

7 This Statement contains a list of the lands for which lands in Exchange are due. The amildar States that the remission of the proportionate assessment shown in the Statement is not needed, but that it was shown simply to fill up the heading. It has been omitted in the revised Statement. In Statement no III the proportionate assessment is shown only for one Inam Village in order to check the calculation of the amount due for Compensation. The amildar also reports that the Inamdar of Kadkola Mr. Nanjaraja Urs having demanded the payment of Compensation to him at the rate of 40 Rupees per acre in addition to the amount payable to his occupants on account of the loss sustained by them in the Berij of the Village, an additional list has been prepared for the purpose in which the private village Sites and the Kharab lands

are also included - The rate demanded by the Inamdar is high, and far in excess of what the occupants have agreed to take viz 15 to 25 Rupees per acre - I think that in exchange of Kharab lands and Village sites in the occupancy of Ryots, waste lands in Govern- ment villages adjoining Kadakola may be given - But it would be unreasonable to allow anything in lieu of pathways lanes &c, which were of no use to the Inamdar

& If this be considered unsuitable, the Inamdar may be allowed Compensation at the rate of 20 times the Kandayam at present realized by him from the ryots in addition to the Compensation payable to the occupants, a nominal price of Rupees 5 to 10 per acre being paid for the Kharabs which are really of no Value.

9 In the revised Statements Nos 5 & 6 particulars as to the Class of the lands are given - The numbers of the lands are main numbers, and the areas given are those which are ascertained by actual measurements made for the purpose by the Hobli Sheikdars, and which were Compared with the areas

queen by the Railway department. The annuitant also states that he and the Jamabandi officer have checked them

10 It is not proposed to assign any lands in exchange for these Inam lands as the extent taken up is very small.

I have the honor to be

Sir

Your most obedient servant.

ABSTRACT.

States that his wet land belonging to his father at Chandalapura was acquired for railway purposes - that he submitted his or their petition to Govt praying for compensation - that he was granted endorsement No. 1585 stating that the Dy. Comr. had been written to to submit the list of compensation - that he used to get one years supply of grain from his land - that he has been deprived of this and put to much difficulty. He prays that he may be given either the value of the grain or the interest on the amount of compensation for the land together with the amount of compensation for the land and the boys thereon so as to grain to them within a week or a fort night from the date of the receipt of this

ABSTRACT.

State that their lands have been taken up for Railway purposes; that their petns to the Collr & to the Dist praying for the payment of the compensation in the Khata compensation & for the deduction of the land so taken up have had no other effect but the reply that a recommendation has been sent for the sanction of the Govt; that they have not been paid their compensation amount, for the last 3 years & thus they have been unable to buy other lands wherewith they may maintain themselves; & that the rate recommended by the Asst is too low & no lands now can be had in this market at this rate.

Pray that compensation be paid to them early at the rate of 100 Rs. per acre; that the land taken up for the Rail road be deducted from their Khata; & that they be allowed to cut down their trees

SIR,

With reference to your reminder docket No. 2083, dated the 8th June 1896, calling for the early submission of the Statements of Compensation for the lands acquired for the Nanjengud railway, I beg to state that the inamdars of Kadakola and Nachanahalli (viz^t. Messrs Nanjaraj Aro, and Krishna Murti Rao) and the Traffic Manager of the Southern Maharatta Railway, have not as yet sent their replies to the references made to them asking for some particulars. Reminders have this day been sent to them, and as soon as the particulars are furnished by them, the Compensation Statements will be compiled and submitted.

SIR,

With reference to your Reminder docket No. 2795 dated R. F. 48-96 (12) the 12th September 1896, calling for the early submission of the Statement of Compensation for the lands acquired for the Ranjangid Railway, I beg to state that the statements have been submitted, but were returned for fixing an average rate of compensation for the Inam lands (including the Inamdars' and their tenants' rights). To do this, the Amildar has

has to consult both the Incumbars and their Ryots and then propose a rate. The Amildar wrote Yadiris to Mr. M. Ranjraj. -ars, the Incumbar of the Kadar -kola village, and to Mr. Krishna- -murty Row, the Incumbar of Nachanahally, and reminders were also sent to them, both by him and this office. Yet their replies have not been received. Hence the delay.

Deputy Commissioner's Office,

Dated Mysore 20th January 1897.

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

Sir,

With reference to Government proceedings No. 24974 (9) R. 3702 dated 25th June 1895, returning, with certain observations, the statements of compensations payable for lands taken up for the Nanjengud Railway, I have the honor to resubmit them with the following explanation :-

Statement No. 1 - Lands taken up for Nanjengud Railway in the Mysore taluk for which compensation is to be paid.

Serial Nos. 1 and 2.

Yes. The municipality claims compensation at the rate paid for other lands taken up (Vide Vice President's Yadi No. 696 dated 9th April 1896 attached to the accompanying Canarese correspondence). According to this rate viz: 75 Rs. per acre, the amount payable to the municipality comes to (Rs. 1,162-8-0 + 90-0-0) Rs. 1252-8-0 which is now entered in the statement.

Serial Nos. 4 to 7. The amount of compensation for these lands was paid by Government and not by the municipality. It amounted

to

Statement No. 6 showing the particulars of lands taken up in Nanjengud taluk for which compensation is to be paid. Serial No. 1. Veeradavanapura.

The rate of Rs. 16 per acre fixed is not for the land, but for filling up the large pits &c excavated by the Railway authorities for picking up stones required by them. The Amildar who visited the spot and saw the pits, reports that large amount was spent by the holder to make the land fit for cultivation This land is under cultivation for the last 3 years and the assessment has been recovered from the owner

Lands taken up temporarily in the villages of Hendya, Hamalapura, Kothawadypura and Basavanapura. ———

Remarks made in the case of other lands temporarily taken up both in this and the Mysore taluks are applicable to these lands. Rates fixed for these lands vary from one another as they are fixed according to the nature of soil and classification, such as wet, dry &c.

2. I beg to state that the owners of lands taken up in the Mysore taluk, except the Inamdars and their ryots of Kadakola and Katchanahalli, to whom the acreage rate payable is to be decided hereafter, have already been paid the amount of compensation in advance and the owners of lands taken up in the Nanjengud taluk have not yet been paid. They are constantly demanding for early payment. If the amount of compensation for all the lands taken up for Railway cannot be settled and sanctioned unless and until the acreage

amount payable to the inamdars is determined, I request that you will be so good as to obtain the early sanction of the Government to the payment of compensation in advance to the ryots of the Nanjengud taluk as has been done in the case of the Mysore taluk.

SIR,

Adverting to para 4 of Govt no: 717 Government Proceedings No. 11482 — 5 / R.T. 48-96 dated the 29th June 1897, re-compensation for the lands taken up for the Nanjangud Railway, I have the honor to submit herewith an abstract Statement shewing the Compensation payable for the lands of Sarvamangam villages of Kadakola, Dadadahalli and Byathahalli in the Mysore Taluk. These have been included in statements Nos 4 and 5 already sent. I request you to be so good as to obtain the Sanction of Government for payment of the amount viz Rs 4184-4-6 to the parties Concerned.

2.

2. Compensation has been fixed at Rs 50 per acre and the same will, in the case of occupied lands, be paid to the Inamdar and his tenants in equal proportions as agreed to by them.

3. A small sum of Rs 38/- has been included in the statement on account of the value of the trees ascertained by the Amildar to have stood on the lands at the time they were taken up for the railway.

4. The Inamdar will be paid the full amount of Compensation for the un-occupied arable and unarable lands of his Inam villages.

5. The amount payable for the land which belonged to the temple of Soma-swarca will go to the credit of that institution.

6. The Amildar's report No. 675 of the 17th March 1900 and its enclosures

A sum of Rs I90-I0-4, being compensation fixed for the village site of Lacre, 5 guntas, referred to in para 2 of your docket ~~it~~ has been included in statement No. I for Rs 6439-I3-4 sanctioned in Government Proceedings No.---- (17) II482-5 RF 48-96 dated 29th June I897. This sum is reported to have been paid to the parties concerned at the Mysore taluk-- Treasury on the 4th and I0th September I89I. The payment was probably made in anticipation of Government sanction.

5. The Amildar of the Mysore taluk reports that it has been proposed to give the Inamdar of Nachanahalli some Govt lands in sirkar Mandakalli, and Kuplur villages, as inam, in exchange for his lands taken up for the railway, and that a similar exchange has been proposed for the lands taken up in Chickaharadanahalli village. As I am not yet in possession of complete information and references to show exactly how these cases stand at present, I am making enquiries in the matter, and shall submit a separate report regarding the same as early as practicable. In the meantime, I solicit the favor of your obtaining the sanction of Government for payment of the compensation due for the lands taken up in the villages of Kadakola, Dadadahalli, and Byathahalli.
